WCIRB September 1, 2024 Regulatory Filing Decision

On February 27, 2024, the Workers' Compensation Insurance Rating Bureau of California (WCIRB) submitted a regulatory filing to the California Insurance Commissioner (CDI File No. REG-2024-00004). A public hearing was held on April 25, 2024. The record for the filing was kept open following the hearing until 5:00 PM on April 25, 2024.

Today, the Insurance Commissioner issued his Decision with respect to all matters contained in the WCIRB's regulatory filing. All of the proposed amendments to the *California Workers' Compensation Uniform Statistical Reporting Plan—1995*, *Miscellaneous Regulations for the Recording and Reporting of Data—1995* and *California Workers' Compensation Experience Rating Plan—1995*, effective September 1, 2024, were approved as filed.

The WCIRB is in the process of updating the Uniform Statistical Reporting Plan, Miscellaneous Regulations and Experience Rating Plan to reflect the regulatory changes approved by the Commissioner. In the interim, the WCIRB has prepared the [September 1, 2024 Regulatory Filing Quick Reference Guide: USRP and ERP Changes](#) web page summarizing the approved changes to the Commissioner's regulations. The Plans, when they become available, will be posted to the Regulatory and Pure Premium Rate Filings page in the [Filings and Plans](#) section of the WCIRB website (wcirb.com).

The WCIRB will begin calculating 2024 experience modifications within the next several days. Insurers, agents and brokers may access 2024 experience rating information via WCIRB Connect (connect.wcirb.com).

The Commissioner's May 31, 2024 Decision pertains only to the WCIRB's September 1, 2024 Regulatory Filing and does not address the WCIRB's proposed September 1, 2024 changes to advisory pure premium rates filed with the Commissioner on April 25, 2024. The Commissioner has scheduled a public hearing regarding 2024 pure premium rates for June 6, 2024.
