

Job Title: Actuarial Intern – Spring 2019

About us:

The WCIRB is California's trusted partner in Workers' Compensation Insurance, leading the way in objective research, data science and education. The WCIRB is a California unincorporated, private, nonprofit association comprised of all companies licensed to transact workers' compensation insurance in California, and has over 400 member companies. No state money is used to fund its operations. The operations of the WCIRB are funded primarily by membership fees and assessments. Through our products and services, we are shaping the future of the Workers' Compensation industry. Our core values of collaboration, innovation and integrity guide us in setting industry standards by developing cutting-edge technology and services for our valued customers.

About you:

Are you a results-oriented, detail-focused student pursuing a degree in Math, Statistics, Actuarial Science or a related field? Are you seeking a fall internship opportunity to gain practical hands-on experience with an industry leading actuarial based firm? If you have a willingness to learn and a desire to pursue an actuarial career, we want to talk to you!

About the role:

We are currently seeking a dynamic, motivated Actuarial Intern entering their third or fourth year in a Math, Science, Statistics or related undergraduate program at a college or university to participate in an exciting part-time, paid, 8-week internship opportunity.

In this internship you will have the opportunity to work alongside our highly skilled and professional actuarial services team and will work on challenging projects that will provide practical Actuarial experience while developing problem solving and decision-making skills.

As an Actuarial Intern at the WCIRB you will:

- Develop annual rate filings to submit to the insurance commissioner
- Participate in actuarial research studies
- Prepare & analyze various workers' compensation insurance data
- Shadow actuarial analysts in their work
- Receive coaching from senior actuaries and learn about our organization and industry

This internship opportunity is located in our Oakland, CA office and will operate under the guidance of WCIRB Actuarial department leadership.

This internship opportunity is part-time - working Monday through Thursday for 7.5 hours per day.

This internship opportunity does not provide any housing allocation. Participants are responsible for arranging their own housing and transportation. The WCIRB office is located within the City Center of Oakland and is easily accessible by BART.

Requirements and Qualifications:

- Third or Fourth year undergraduate student pursuing Bachelors' degree in science, math, statistics, actuarial science or related field
- GPA of 3.2 or greater on 4.0 scale
- Strong oral and written communication skills
- Excellent organizational and time management skills

Job Description

- Eligible to work in the United States with no restrictions
- Advanced Excel skills required
- Experience with SQL, VBA, Python or R preferred
- Completion of at least 1 Actuarial exam preferred but not required
